

American and European Taiji Gathering At the Yellow Dog Ranch

July 11- 17, 2010

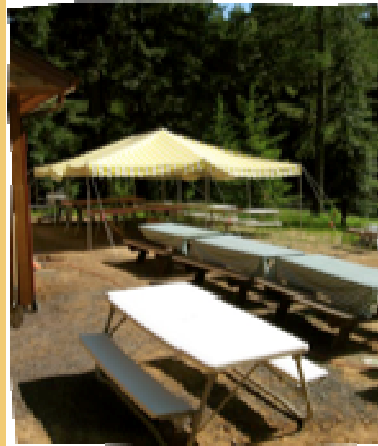

Please plan on arriving the afternoon before to set up camp.

We will provide camp sites (with water, toilets and showers), meals and Taiji workshops.

Chefs David Moore and Lisa Mikulsky will prepare excellent meals.

Participants will furnish their own transportation, clothing, bathing supplies, tents and camping equipment. Sun and bug protection are suggested.

We will be in a dry and forested area where the fire danger is high. There will be no smoking, individual cooking equipment or fires. Only battery powered lanterns will be permitted.

Together they have more than 200 years of training in the Yangjai Michuan Taiji Quan style.

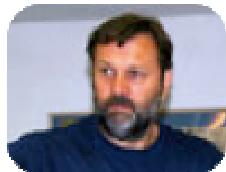

Dale Freeman, USA. He will present techniques and Pushing Hands from Yang Ban Hou Style Taiji Quan.

Sabine Metzlé, France and Taiwan. She will expand our push hands skills.

Jim Carlson, USA, who will teach sword form.*

Serge Dreyer, France and Taiwan. He will present stick form and techniques.*

John Cole, from the USA as well, will offer his understanding of nei gong and qi gong.

* Henri and Jim ask you to please bring your wooden taiji swords to work on sword form, its application and sword tuishou. Serge asks you to bring a stick "as long as your leg".
